

Planmeca PlanScan® Integrated intraoral scanner for open CAD/CAM

ENGLISH

PLANMECA

Planmeca PlanScan®

Use it your way – integrated into your everyday work

Discover **Planmeca PlanScan®** – our cutting-edge intraoral scanner for accurate digital 3D impressions. This high-performance intraoral scanning solution can be integrated into your digital Planmeca dental unit, or connected to a laptop. Planmeca PlanScan provides a seamless user-experience and supports an ideal digital treatment workflow.

- Autoclavable and changeable tips in different sizes for impeccable infection control
- Moisture control with built-in anti-fogging technology
- Powder-free scanning
- Very easy to use
- Exceptional ergonomics
- Real-time scanning with sound guidance
- Accurate scans from a single indication to a full arch
- Comfort for the patient and dentist
- Open STL file format
- True dental unit integration
- Works with a laptop – easy to share

Use the scanner just like any other instrument

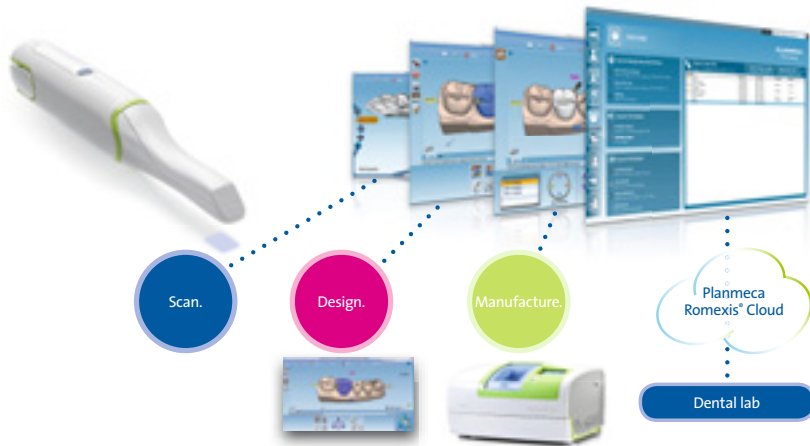

The dental unit integrated **Planmeca PlanScan®** intraoral scanner enables chairside scanning like never before. Its unique integration with Planmeca dental units guarantees a smooth workflow, as real-time scanning data is immediately available from your chairside tablet.

Unique foot controlled scanning
